At this time Counsellor Harold Krieger of 591 Summit Avenue appeared before the Board and stated that he represented about 97 percent of the taxi cab owners of Jersey City; that he desires to thank the Mayor and Mr. Johnson for their co-operation in making it possible for the cab owners to get insurance in this trying period; that if it were not for this co-operation the cabs would still be off the street; that they have been through a trying period due to the fact that they have been unable to charge a reasonable rate because of the price war in Jersey City, and that this is the reason the companies refuse to come to Jersey City and these men were without insurance for some time; that he understands that on a previous occasion a resolution was offered to the Commission fixing a certain rate; that it is impossible for the men to operate at the 50-cent rate and the majority of the owners want the meter rate.

The Mayor asked Mr. Krieger if that 50-cent rate was not brought about by the cab owners themselves. He replied that they were forced into it by one owner with three or four cabs, who ran livery cars in addition to his cabs; that the insurance and expense on livery cars is considerably lower than on taxicabs and it caused unfair competition; that the cab owners desire the Commission to now fix a minimum rate by policy or resolution so that they can make a living in the business.

The Mayor then called Mr. Johnson, Supervisor of the Bus Bureau, and asked if he had made a study of the condition. He replied that he had. The Mayor then asked if it was true that it is impossible for them to earn a living at that rate. He replied that they are running that way at their own request and they had asked for it.

The Mayor then stated that if we are going to try and build up the taxicab system we don't want them to run at a loss; that people have no objection to paying a fair rate; that this Commission wants to do what is fair and proper; that we appreciate the wear and tear of the cabs and the necessary upkeep. He then asked Mr. Krieger if he referred to McNally in his statement and he replied that it is. The Mayor then stated that Mr. McNally must be told that he must comply with the regulations; that there is no reason why we should sit here and permit him to destroy the other people in that business.

The Mayor then asked Mr. Johnson if there were any objections to adjusting the situation and putting them on the meter rate. Mr. Johnson replied that he has no objection whatsoever.

Mr. Krieger requested that the rate be fixed at forty cents for the first mile and twenty cents per mile after that.

The Mayor then asked Mr. Johnson if that was agreeable. He replied that it was, but the only thing on his mind was how are we to force the other men who want to operate cheaper, to operate at these rates and are we within our rights compelling these men to adopt these prices.

The Mayor stated that this Commission don't want the kind of service that will force unfair competition; that if it is the wish of the Commission, we will try and bring about a proper solution; that the Commission will now direct Mr. Johnson to confer with everybody concerned and try and get an adjustment of the rates and then submit his report to the Commission. He then asked Mr. Krieger if that was satisfactory and he replied that it meets with their approval.

At this time Mr. Johnson stated that he would like to have a ruling from the Commission on those O. L. cars.

Mr. Krieger stated that they feel just as Mr. Johnson does—that those cars are known in the business as "bootleg." The person referred to has eight or nine of such cars; that they don't pay as much insurance; that there is no supervision on them, nor is there any car inspection; that it is entirely different in their operation than the taxicabs.

The Mayor stated that the Commission desires to operate this taxicab system in a fair, proper manner, but you must keep in mind that it is the public that must be pleased; that we want the cab men to get a fair living or wage; but, on the other hand, we have the people of this city to consider; that there must be a certain amount of safety in the operation of these cabs; that the rate is not so much of importance to this Commission as the matter of safety.

Mr. Krieger stated that his people want to give the public safety and want insurance companies to come into Jersey City, but the companies say they cannot come in on account of the rate wars.

The Mayor then instructed Mr. Johnson to keep in mind that this Commission wants to be fair and just in the matter; that it is the livelihood of these men; that he does not want any wars or conflict; that everybody must be protected and the public must be considered; that the Commission will stand behind Mr. Johnson on his regulations, but he must be careful and not let any interests or group interfere in his judgment in making this adjustment; that he must have an open mind and treat everybody alike and keep the public in mind; that this is a beneficial service in Jersey City, and we don't want the taxicab system in Jersey City crashed.

At this time Counsellor Harold Krieger and Counsellor James Kearney appeared before the Board with a delegation of taxicab owners in connection with the fixing of the taxicab fare. On the Mayor's recommendation at the last meeting of the Board of Commissioners, Supervisor Bernard Johnson of the Bus Bureau was directed to make a complete survey of all the details involved, and, after adopting his recommendations, to submit them to the Board of Commissioners at this meeting.

Mr. Johnson appeared before the Board with Counsellor O'Mara of the Law Department. Mr. Johnson advised the Board that in his opinion the ordinance now in force fixing a maximum rate should stand.

Mr. O'Mara stated that in his opinion the Board had the right to fix the maximum rate, but could not legally fix a minimum rate.

Mr. Krieger argued that his clients, representing the majority taxicab owners, could not exist on the 50-cent rate and compete with the McNally concern, who use the O. K. cars, making for unfair competition.

Mr. Kearney stated that his clients, the McNally company, have been operating at the 50-cent rate for four years and are successful and are desirous of continuing at that rate.

The Commission discussed the matter at length, and, in conclusion, the Mayor directed Mr. Johnson to again make a complete investigation of the conditions and the books and records of the cab owners, in conjunction with Mr. O'Mara of the Law Department. He stated that it is not the desire of the Commission to see the owners lose money; that they are entitled to a living wage and a livelihood; that it is a very serious matter, and every detail must be considered; that the Commission represents the people of this City and they must be carefully considered; that the protection and safety of the people is a very important factor; that the Board will not tolerate unfair competition, and the cab system must be brought up to a high standard.

Mr. Krieger agreed to co-operate with Mr. Johnson, so that a fair and proper adjustment may be arrived at.

Whereas, the City of Jersey City, Hudson County, New Jersey, is unable to finance its program for the relief of the unemployed and dependents thereof without State aid, and

Whereas, State funds have been appropriated by the Legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

Whereas, the demands on the City of Jersey City for Emergency Relief are insistent and increasingly great, and

Whereas, there are over 8,500 families comprising approximately 40,000 individuals at present receiving relief in the City and the need for emergency relief has increased to the point where it is now advisable to request its complete financing from State Funds, with the exception of expenditures for hospitalization and medical care, which are provided by the municipality of Jersey City, and

Whereas, the cessation of all Civil Works Administration and Federal Emergency Relief Administration activities will unquestionably materially increase the demands for Poor Relief, now therefore be it

Resolved by the Board of Commissioners of the City of Jersey City, Hudson County, that in accordance with Rules and Regulations No. 10 of the Emergency Relief Administration, to all provisions of which the Board of Commissioners does hereby agree, that application be and hereby is made to the State Director of Emergency Relief for a Special "A" Grant not to exceed the sum of $225,000 for the month of June, 1934, with the understanding that Jersey City will continue to carry all commitments for hospitalization and medical care during the month of June, 1934.

MEETING OF JUNE 28, 1934

Minutes of a special meeting of the Board of Commissioners of Jersey City, N. J., held in the Assembly Chamber, City Hall, Jersey City, N. J., on Thursday, June 28, 1934, at 10 o'clock a. m., Daylight Saving Time.

Present: Commissioners Beggans, Fagen, Potterton and Wolfe.

Absent: Mayor Hague (excused).

In the absence of the Mayor, Commissioner Potterton, Director Department of Revenue and Finance, presided.

The Acting City Clerk read the following call for the special meeting:

"Office of the Mayor

Hon Michael J. Gill,

June 27, 1934.

Hon. Michael J. Gill,
City Clerk, City Hall,
Jersey City, N. J.

Sir:

You will please arrange for a special meeting of the Board of City Commissioners of Jersey City, to be held in the Assembly Chamber, City Hall, Jersey City, N. J., tomorrow morning, June 28, 1934, at 10 o'clock for the purpose of acting on applications for licenses to deal in alcoholic beverages during the year beginning July 1, 1934, and to consider such other matters as may properly be brought before the meeting.

Very truly youprs,
(s) FRANK HAGUE,
Mayor."

The Acting City Clerk then read the following communication sent to each member of the Commission:

"City Clerk's Office

June 27, 1934.

Dear Sir:

This is to advise you that the Mayor has called a special meeting for Thursday, June 28, 1934, at 10 o'clock a. m., Daylight Saving Time, in the Assembly Chamber, City Hall, Jersey City, N. J., for the purpose of acting on applications for alcoholic beverage licenses for the year beginning July 1, 1934, and to consider such other matters as may properly be brought before the meeting.

Yours very truly,
(s) MICHAEL J. GILL,
City Clerk."

The Acting Mayor declared the meeting open and after roll call directed the Acting City Clerk to proceed with the matters before the Board.

At this time, Counsellor John Flanagan appeared before the Board. He stated that he is appearing for the Jersey City Retail Liquor Stores Association and in a measure for the delicatessen and chain stores; that his clients feel the Commission should grant a license for the sale of unchilled beer to the grocery stores, etc., and restrict the sale of spirituous liquor to the retail liquor stores handling this commodity exclusively; that such legislation has been taken by Union City and other communities.

Commissioner Potterton stated that he knows the Commissioners have listened very carefully to the presentation of Mr. Flanagan's case; that he is wondering if Mr. Flanagan is familiar with the fact that many hearings were held by the Commission on the question of what the regulations were to be and whether there was to be any discrimination against any group; that as a result of those hearings regulations were adopted fixing $500 as the license fee for any store in which alcohol beverages are sold; that this meeting was called primarily to pass upon the permits and he understands that these licenses must be passed before July 1, 1934; that the only way the regulations could be changed would be to rescind the resolutions and adopt new ones; that it must take time; that he is wondering what the effect would be and would it not affect the sale of liquor in this city; that he does not have to state it, but we know that the Mayor is vitally interested in the subject of dispensing liquor in Jersey City; that he has given the matter very careful study and consideration; that the Mayor has not hurried through the matter; that because of the Mayor's absence today he would not ask the Commission to take any action because of the great interest he has in this situation; that as he understands it, the main idea of the request is to limit the sale of liquor to licensed liquor stores and take it out of delicatessen and drug stores; that the sale of liquor today is a legal business and many people at times want to buy liquor anr a great number don't want to go into a liquor store to buy the liquor; that under the present conditions they may go into a chain store and buy it with their other commodities; that this is one of his own reasons, but he is not stressing that as one of the reasons that Mr. Flanagan's suggestions should not be adopted; that he thinks the Mayor has considered all phases and has also considered the fact that those stores selling beer would attempt to sell, surreptitiously, liquor; that the only thing the Commission can do is to present the case to the Mayor for his consideration.

Mr. Flanagan stated that they have all the respect in the world for the Mayor and his judgment and they are not here to try and impose their judgment on him; that it is a new problem and they want to point out that other cities have stood by and waited for Jersey City's action; that they feel and know that it takes time to evolve; that other cities are doing just what they are asking Jersey City to do; that they want to thank the Commision for the time taken up today and they stand ready to come forward with more proofs and facts; that in conclusion he desires to call attention that Commissioner Burnett has set up machinery for this purpose and it will not hold up any action by the cities.

REPORTS OF DIRECTORS:

From Director Wolfe, submitting list of approved applications for Plenary Retail Distribution License and Plenary Retail Consumption Licenses for the period July 1, 1934, to June 30, 1935, and stating that these applicants must present the full fee of $500.00 to the City Clerk and that it is his intention after Saturday, June 30, 1934, his department will proceed to take action against all those who failed to secure their licenses and who have not complied with the regulations.

Received and ordered filed.

By Commissioner Wolfe:

Pursuant to an Act of the Legislature of the State of New Jersey entitled, "An Act concerning Alcoholic Beverages" passed December 6th, 1933, and the acts amendatory thereof, and supplementary thereto, be it

Resolved, by the Board of Commissioners of The Mayor and Aldermen of Jersey City that upon compliance with all the provisions of the above Act, and upon the payment of the annual fee of $500.00, heretofore fixed by the Board of Commissioners of the Mayor and Aldermen of Jersey City, Plenary Retail Consumption Licenses are hereby granted to the following to sell for consumption on the licensed premises any alcoholic beverage by the glass or other open receptacle and also to sell alcoholic beverages in original containers for consumption off the licensed premises, subject, however, at all times, to the rules and regulations heretofore or hereafter adopted by the Board of Commissioners of The Mayor and Aldermen of Jersey City and by the State Commissioner of the Department of Alcoholic Beverage Control, for the period commencing July 1st, 1934, up to and including June 30th, 1935.

By Commissioner Potterton:

Whereas, The City of Jersey City, Hudson County, New Jersey, is unable to finance its program for the relief of the unemployed and dependents thereof without State aid; and

Whereas, State funds have been appropriated by the Legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to munipicalities in such cases; and

Whereas, The demands on the City of Jersey City for emergency relief are insistent and increasingly great; and

Whereas, There are over 9,500 families comprising approximately 50,000 individuals at present receiving relief in the city and the need for emergency relief has increased to the point where it is now advisable to request its complete financing from State funds, with the exception of expenditures for hospitalization, maternity cases, medical care and the present personnel of the office of the Overseer of the Poor, which are provided by the municipality of Jersey City; and

Whereas, The cessation of all Civil

Works Administration and Federal Emergency Relief activities will unquestionably materially increase the demands for poor relief; now therefore be it

Resolved, By the Board of Commissioners of the City of Jersey City, Hudson County, that in accordance with Rules and Regulations No. 10 of the Emergency Relief Administration, to all provisions of which the Board of Commissioners does hereby agree, that application be and hereby is made to the State Director of Emergency Relief for a Special "A" Grant not to exceed the sum of $275,000 for the month of July, 1934, with the understanding that Jersey City will continue to carry all commitments for hospitalization, maternity cases, medical care and the present personnel of the office of the Overseer of the Poor during the month of July, 1934.

At this time Counsellor Harold Krieger appeared before the Board with a delegation representing eight hundred candy store dealers of Hudson County, protesting against a company which engages boys to ride bicycles and sell ice cream; that they ride up and park in front of the various establishments, sell their product and then move on; that this practice is unfair and detrimental to the established storekeeper, who pays rent and taxes.

Commissioner Potterton called Health Inspector Dennis Sullivan and asked if he was acquainted with the project. He replied that he understands this company is a subsidiary of the Borden Company; that in order to fairly compete with the various novelties on the market, they have adopted this method; that their plant and the method of handling on the street for disposing of the products is all that can be asked for by the Board of Health.

Commissioner Potterton advised Mr. Sullivan that Counsellor Krieger and his group are not objecting to the health regulations or sanitary conditions involved; they are objecting to it because of the fact it is taking away business from the stores in Jersey City. Mr. Sullivan replied that the same situation has come up in other cities, with which he is familiar; that the cities passed an ordinance fixing exorbitant rates for the privilege; that it created unemployment and eventually hired veterans who do not require a license.

Mr. Krieger stated that there is no doubt that they meet all the requirements, but it is the business the storekeepers are concerned in.

In conclusion Commissioner Potterton recommended that Mr. Krieger take the matter up with Counsellor O'Mara of the Law Department, so that the Commission may be properly advised in the matter.

Whereas, The Hudson County Committee of the American Legion has petitioned the Department of Safety of Jersey City to discontinue the use of the word "Legion" in its Safety Organization; and

Whereas, The Jersey City Police Department Safety Legion has a total of 28,000 members, all of whom hold cards with the title of the organization printed thereon, and it would be impossible to collect them to change the name; also that the expense to print and supply new cards, and other printed matter, would be too great to incur; and

Whereas, The purposes of the organization is to promote better safety in behalf of the welfare of the people of Jersey City, and the work already accomplished has been of benefit to the people of this city, as well as reflecting credit upon Jersey City, and has met with the approval of the people of Jersey City, as proven by the comments on our recent safety demonstration and parade; and

Whereas, This organization will continue to serve the people in such a manner as to reflect credit on the organization; also that several military organizations took active part and participated in our safety parade and demonstration, and that the complainants, whose names appear on the complaint, did not take active part in the interest of better safety, although they were residents of Jersey City; and

Whereas, The American Legion has no legal standing in demanding any change of this organization's name; the complaint of the American Legion concerning confusion being based on anticipation and not fact;

Now, therefore, we ask that your honorable body make no change in our present name, and permit our organization to carry on, under our present name, in the interests of the people of our city.

Whereas, The Director of the Department of Streets and Public Improvements reports to the Board of Commissioners, this date, that because the condition of vegetable growth, and other organic and inorganic matters, adhering to the conduits, renders the water received in the City of a color and appearance, as well as having particles of vegetable growth in the water delivered to the City, that if it was not that the Bureau of Water had adopted preventative measures of screening with gauze, at each one of the gate houses, the water supply would be of an appearance unfit for consumption —although really this matter would not be injurious to the public health: and

Whereas, The said Director has set out that he desires to purchase for a period of about ten days, 45,000,000 gallons per day, at the rate of $78 per million gallons, from the Passaic Valley Water Commission, so that it may be delivered at Brookdale by said Water Commission to Jersey City's pipe line, and furnished to the inhabitants of Jersey City, while the waters of Jersey City are cut off at Boontoon, completely, enabling the Bureau of Water to clean with hydraulic brushes, etc., all the concrete conduits from Boonton to Brookdale in Jersey City;

Resolved, That this Board determines upon the recommendation of said Director that an emergency exists, such as is comprehended by the statute of the State relating to public advertising for bids for contract work done, etc., above $1,000, and will not brook of delay because of the season; and because of the closed market there could be no other bidder but the Passaic Valley Water Commission, which has facilities for water for such purpose, for such few days, to supply Jersey City; and that the said Director be and he is hereby empowered to so contract with the Passaic Valley Water Commission for the said purchase of said water, for said purpose, at said price, the same not to exceed a period of ten days; and be it further

Resolved, That the said purchase of water on June 2, 1934, as set out in the said Director's communication attached herewith, be and the same is hereby confirmed and declared to be an emergency as is comprehended by the statute.

Whereas, At the meeting of this Commission held on the 5th day of June, 1934, bids were publicly received at the meeting following legal advertising for same, for the sale of six months' supply of milk and cream for the Medical Center of Jersey City; and

Whereas, The Borden's Farm Products Company was the low bidder; and

Whereas, Following the submission of said bids it was called to the attention of this Commission by Borden's Farm Products Company that objection was made to the price submitted by the Borden's Farm Products Company for fluid milk, grade B, to contain not less than 3 percent butterfat and not less than 11.50 solids by the New Jersey State Milk Control Board operating in this State under Chapter 169, P. L. 1933, in that the unit price of .0729 was lower than the minimum price unit of .0765 authorized by the New Jersey Milk Control Board; and

Whereas, The Borden's Farm Products Company, in order to comply with the regulations of the Milk Control Board of the State of New Jersey is desirous of supplementing its previous bid of .0729 per quart for said grade B fluid milk to .0765 per quart; and

Whereas, The raising of the said bid to the sum of .0765 will still make the Bordens' Farm Products Company the low bidder for the aforesaid six months' supply of milk and cream; it is therefore

Resolved, That the contract for said six months' supply of milk and cream for the Medical Center from July 1, 1934, to December 31, 1934, be awarded to Borden's Farm Products Company on the basis of the bids heretofore submitted at the meeting of June 5, 1934, except that the quart price of fluid milk, grade B, shall be altered from .0729 to .0765, which will comply with the schedule as set forth in the State Code, and which still makes the total bid of the Borden's Farm Products Company lower by $1,305.50 than the next lower bidder, or a gross total amount of the award of $25,362.10.

HEARINGS

At this time Counsellor Harold Krieger appeared before the Board. He stated that about six weeks ago he appeared before the Board of Commissioners on behalf of the taxicab industry of Jersey City, the "C. T. A. of Jersey City," in regard to the fees and regulations for taxicabs; that at the time the Mayor had expressed his opinion that he could see no objection to the adoption of such an ordinance, and directed Counsellor O'Mara of the Law Department to take the matter up with the taxicab owners.

Commissioner Potterton stated that, if he recalls, it was the Mayor's suggestion that when the two groups shall have agreed, then the matter was to be presented for the purpose of preparing the necessary ordinance.

Mr. O'Mara stated that Commissioner Potterton has correctly stated the Mayor's attitude.

Commissioner Potterton stated that at the last hearing two distinct groups were represented; that Mr. O'Mara does not represent either of these groups and appears for the City.

Mr. O'Mara stated that it was the Mayor's thought that these two groups should be brought into accord; that he first conferred with Mr. Krieger and obtained his position and suggestions; that he then submitted this to the other group for their consideration; that Mr. McNally has been out of town, but his counsel has informed him (O'Mara) that Mr. Krieger's recommendations are entirely acceptable to Mr. McNally and it seems that the matter is cleared up; that there is no need for further appearances here; that all remaining is to put the suggestions into ordinance form and make it an amendment to the existing ordinance for submission to the Board at the next meeting.

Mr. Krieger in concluding expressed his thanks for the cooperation and consideration rendered by the Commission.

At this time Counsellor Harold Krieger appeared before the Board with a large delegation representing the retail candy, ice cream and drug stores in protest to the boys on bicycles selling ice cream through the streets of Jersey City. He stated that he appear at the last meeting of the Board in reference to the same situation.

Commissioner Potterton stated that at the last meeting the Commission made it clear that the licenses were applied for and issued in the regular way and that the sanitary conditions and health regulations were complied with and that there was no further action the Board could take to prevent them from receiving licenses for which they applied.

Counsellor O'Mara advised that Commissioner Potterton's statement is correct.

Commissioner Potterton further stated that Mr. Krieger was to take the matter up with the Law Department, to see whether or not the law had been strictly complied with and if there was anything in the law that would permit the Commission to refuse these licenses.

Counsellor O'Mara stated that the question arose to see if the City could get the existing licenses and his investigation discloses that the Health Department is perfectly satisfied with the conditions under which they operate, and the licenses were regularly issued.

Counsellor Ezra Nolan appeared before the Board with a large delegation representing the New Jersey Retail Ice Cream Manufacturers Association, who have never been heard on this question. Mr. Nolan stated that they would like to be heard; that these men have seen fit to leave their places of business to come here this morning; that these people are taxpayers and property owners and have more than one and one-half million dollars invested in their business and seek protection against this unfair method of the boys pulling up in front of their establishments, going up and down the streets, taking the business away from the established stores; that while he understands the company is a subsidiary of the Borden Company, still the revenues he understands are going to Paterson people; that he would suggest that the number of salesmen be limited so that the stores would not have this unfair competition; that he is informed there are over forty bicycles now operating.

Commissioner Potterton then asked Mr. Nolan what he would consider a fair number for limiting. He replied that he did not know how many have been issued. Commissioner Potterton replied that there were no more than twenty licenses issued.

Commissioner Potterton stated that on behalf of the City Commission he would like to make a statement; that it is a well known fact that the City Commission has always felt it incumbent to protect business men of Jersey City; that we have always had ordinances governing the issuance of licenses; that the objectors are now asking the Board to discriminate against one group as against all others; that obviously, the Board could not limit the issuance of licenses and let everybody else get peddlers' licenses; that he is not trying to argue Mr. Nolan out of the case, but is merely trying to present the facts as they are to not alone this group but the groups representing all other business; that Commissioner Fagen has just informed him that in another city in this State, just such a condition as this was brought up and the City in justice to their people revoked the ordinance; that veterans were then employed on the wagons and they did not require any licenses to sell; that the citizens who they tried to protect, did not get the protection; that the Commission wants to help the business man, but in a way that will not be discriminatory against any other people who hold licenses.

Mr. Nolan stated that the ice cream business is only a summer seasonable business and these people come in and take the revenues away from the city.

Commisisoner Potterton stated that the city cannot revoke these licenses issued; that he thinks the agitation would do far better for the future condition; that while this is not the Borden Company, but a subsidiary, that as long as they continue operating in accordance with the health regulations and city regulations, the company would go to great effort to prevent this discrimination; that he can assure the people that insofar as this Commission has power, it is going to protect not only this group, but any other group of business people; that while there is no remedy at hand to take care of this situation, it will not prevent the Commission from receiving suggestions from counsel representing this group, that will help the Board solve the situation; that the Board wants to help these people prosper, because our city can only prosper when its people prosper.

Mr. Krieger then stated that one of his clients suggests that a policeman be instructed to keep these salesmen on bicycles at least five hundred feet from the established stores.

Commissioner Potterton advised that the matter will be taken under consideration and all the facts presented today will be discussed, so that some action may be taken for the future seasons.

Mr. Krieger, in closing, stated that his group numbering about 400, meet tonight and he would like to advise them concerning the decision of the Commission.

Commissioner Potterton replied that Mr. Krieger can assure his clients that the Commission is going to take the matter up and will do whatever is proper to help protect the business men.

Introducing an ordinance entitled: "An Ordinance to amend an ordinance entitled: 'An Ordinance to regulate and control maintenance of Jitneys and Public Hacks and fixing and prescribing fees to be charged for the carriage of passengers therein' enacted June 18, 1918."

On motion made, seconded and carried the foregoing ordinance was introduced and read and ordered placed on file in the Office of the City Clerk for a period of at least two weeks for the purpose of public inspection and giving public notice thereof.

By Commissioner Potterton:

Introducing an ordinance entitled: "An Ordinance fixing and prescribing maximum fares to be charged by taxicabs operating in the City of Jersey City."

On motion made, seconded and carried the foregoing ordinance was introduced and read and ordered placed on file in the Office of the City Clerk for a period of at least two weeks for the purpose of public inspection and giving public notice thereof.

Following the introduction of the foregoing ordinance, Counsellor James Kearney appeared before the Board and stated that the ordinance as read by the Clerk, does not agree with the copy of the ordinance in his possession, in that there is a paragraph missing.

Counsellor Harold Krieger stated that the paragraph mentioned by Mr. Kearney is not necessary because it is covered in one of the other paragraphs.

Counsellor O'Mara of the Law Department advised the Board that the ordinance as drawn provides for a maximum rate and then in additional paragraph it states there should be no minimum rate; that he conferred with the Corporation Counsel this morning before the ordinance was put into final form, and Mr. Hamill found that the paragraph was unnecessary; that in his opinion it is correct; that the ordinance simply provides as it stands now, what the maximum rate of fare shall be.

Commissioner Potterton stated that in other words the maximum rate was established to protect the people of Jersey City from an exorbitant rate of fare. Mr. O'Mara replied that as long as they do not exceed those rates, that is all the Board is interested in.

Mr. Kearny stated that the whole argument was about the fifty cent rate and he does not think the ordinance can be too specific; that while in the last analysis it may be correct, still it should state that there shall be no minimum charge.

Commissioner Potterton stated that while he does not pretend to know much about the legal phase, still in his opinion it is the function of the City Commission to protect the people from extortion and he thinks the ordinance as drawn seem to accomplish that; that if the Law Department says that the ordinance covers the point, it is satisfactory to the Commission; that there will be a public hearing on the ordinance two weeks from today and everybody interested either in favor of or against its adoption, will be heard.

Mr. Krieger stated that on behalf of the taxi-owners he represents, he desires to express their sincere thanks and appreciation for the co-operation given them by the Commission; that they feel these proposed ordinances will benefit the city at large.

This time and place having been fixed by the Board of Commissioners and public notice having been advertised as required by law for the purpose of considering the final passage of the following ordinance:

"An Ordinance granting permission to Colgate-Palmolive-Peet Company to lay and maintain a 4-inch cast iron pipe approximately 2 feet beneath the street level extending from a point approximately 7½ feet north of the northerly line of Sussex Street and at a distance of 249 feet from the easterly line of Hudson Street and across and under Sussex Street to the dock of Colgate-Palmolive-Peet Company," the City Clerk read the public notice and the ordinance, and then called for anyone who might desire to protest against the final passage of said ordinance. No one appeared to protest and no written protests were received.

Commissioner Fagen moved the final passage of the following ordinance:

By Commissioner Fagen:

Whereas, Colgate - Palmolive - Peet Company made application to the Board of Commissioners of Jersey City by written petition for permission to lay and maintain a 4-inch cast iron pipe approximately 2 feet beneath the street level, extending from a point approximately 7½ feet North of the Northerly line of Sussex Street and at a distance of aproximately 249 feet from the Easterly line of Hudson Street, said point being in the Easterly wall of Colgate-Palmolive-Peet Company's building known as E-4 and running thence Easterly parallel with the Northerly line of Sussex Street, approximately 15 feet, then turning at an angle of 30 degrees Southeasterly, a distance of approximately 65 feet, thence again turning at an angle of 120 degrees, Southerly and parallel with the bulkhead and approximately 8 feet therefrom a distance of approximately 60 feet to a terminal plug set flush with the ground level. Said petition having annexed thereto a blue print designated "Proposed Pipe Line C-P-P Bldg. E-4 to Dock, Colgate-Palmolive-Peet Co. Drawing No. 4-3614, J. C." and said Board of Commissioners having duly advertised the same and having held a public hearing for objections thereto, at which hearing no one appeared to make objection to the permission asked for, therefore

The Board of Commissioners of Jersey City do ordain:

CITY ORDINANCE:

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance: "An Ordinance to amend 'An Ordinance to regulate and control maintenance of jitneys and public hacks and fixing and prescribing fees to be charged for the carriage of passengers therein,' enacted June 18, 1918," (concerning citizenship and O. L. Cars), the City Clerk read the public notice and ordinance and then called for anyone who might desire to protest against the final passage of said ordinance.

Counsellor Harold Krieger appeared before the Board with a delegation of taxicab owners and urged the adoption of the ordinance for the protection of the public and their business.

Counsellor James Kearney appeared with representatives of the McNally Taxi Co., and Mrs. Fee, and protested against the O. L. provision in the ordinance.

Mr. Krieger stated that the use of O. L. cars as taxicabs was unfair competition because of the fact that they do not require insurance and other regulations necessary to operate a taxicab.

After lengthy discussion the Mayor stated that the City Commission must protect the people of Jersey City and see that proper service is rendered; that he is desirous of adjusting the matter satisfactorily to all concerned, but the public must be safe-guarded; that he would recommend the passage of the ordinance.

Commissioner Potterton moved the final passage of the following ordinance: Seconded by Commissioner Beggans and carried.

By Commissioner Potterton:

Resolved, That the following ordinance do now pass:

An Ordinance to amend "An Ordinance to regulate and control maintenance of jitneys and public hacks and fixing and prescribing fees to be charged for the carriage of passengers therein," enacted June 18, 1918.

The Board of Commissioners of Jersey City do ordain:

1. Article 1, Section 2 of an ordinance to regulate and control maintenance of jitneys and public hacks and fixing and prescribing fees to be charged for the carriage of passengers therein, be and the same is hereby amended so as to read as follows:

No person shall be licensed under any provision of this ordinance, except a citizen of the United States and a resident of Jersey City for one year.

No person shall be eligible for a license to operate a taxicab under any provision of this ordinance who has or may hereafter have any interest, direct or indirect, in the ownership, operation or proceeds of the operation of any motor vehicle operated as a public or private livery car, commonly known as an OL car. Such interest established to the satisfaction of the Director of Revenue and Finance shall be grounds for the revocation of any such license.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote.

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance:

"An ordinance fixing and prescribing maximum fares to be charged by taxicabs operating in the City of Jersey City," the City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the passage of said ordinance.

Counsellor James Kearney appeared and objected to the ordinance on behalf of the McNally Company. He stated that he does not quite understand the procedure because prior to the last meeting the ordinance contained a paragraph concerning no minimum rate.

The Mayor stated that the understanding at that time was for Mr. Kearney, Mr. Krieger, Mr. Johnson and Counsellor O'Mara to confer on the matter for the purpose of adjusting all details, so that Mr. Johnson could report to the Commission with his recommendations.

Mr. O'Mara stated that in accordance with the Mayor's instructions to bring these two factions into accord; that the question was whether or not Mr. McNally should be permitted to charge a flat rate, which was the real issue; that all parties were called and had numerous conferences with Mr. Krieger and Mr. Kearney and the proposed ordinance was submitted to both of them; that the ordinance prescribed a maximum rate of twenty cents for the first fifth of a mile and five cents for each additional fifth; that there was also a paragraph that there should be no minimum, every cab to carry a meter and no one could charge more than those rates, but there was nothing in the ordinance which prohibited a man from carrying a passenger for less than those rates; that before the ordinance was introduced, it was submitted to the Corporation Counsel, who struck out the minimum rate provision, and Mr. Kearney objects to it being stricken out; that the situation appears to him as a tempest in a teapot; that the ordinance as it stands now, permits the charge of any fare as long as it does not exceed the rate fixed; that he had a conference with Mr. Johnson last week, and he thought the second paragraph should be amended, concerning a flat rate, so that it does not exceed the rate fixed in this ordinance.

The Mayor stated that according to the Corporation Counsel, he does not think it necessary to delay the passage of the ordinance or amend it.

Mr. Kearney stated that he is anxious to see it put in the ordinance so that no one could question it.

Mr. O'Mara stated that Mr. Johnson suggested his amendment following the Corporation Counsel's action.

Mr. Krieger stated that the amendment submitted today they contend is superfluous and it merely says that Mr. McNally can operate on a flat rate; that if it is superfluous and is not necessary, why shoud they go through the same regulations to adopt it.

The Mayor stated that up to the present the Board has had no serious objection to Mr. Johnson's management of the affairs of that bureau; that the Board instructed him at the last meeting to use his best judgment to confer with the interested parties and report back to the Commission his recommendations giving protection and a living wage to the taxi cab men and protect the public; that Mr. Johnson and Mr. O'Mara have done that and the ordinance is now before us and there is no other course for the Board to pursue.

Mr. O'Mara stated that both factions agreed in fixing the maximum and not the minimum; that Mr. Johnson and the Corporation Counsel felt that to clarify the matter the amendment should be inserted.

The Mayor then stated that the amendment will be incorporated into the ordinance, following the advice of the Corporation Counsel.

Mr. Krieger then stated that if the amendment is to stand, then he wants a provision added that in operating on the flat rate they shall operate on the meter while carrying passangers.

Thereupon the Mayor stated that both Mr. Johnson's and Mr. Krieger's amendments will be included.

Commissioner Potterton then moved the adoption of the following resolution: Seconded by Commissioner Beggans and carried.

By Commissioner Potterton:

Resolved, That "An Ordinance Fixing and Prescribing Maximum Fares to be Charged by Taxicabs Operating in the City of Jersey City" be amended on second reading by adding at the end of Paragraph 2 thereof, the following sentence:

"Nothing herein contained shall be construed as prohibiting the charging of a flat fare for any carriage within the City limits, provided said fare does not exceed the foregoing maximum rate of fare, provided, however, that such taxicabs operating on flat fare shall be operated on meter while carrying passengers."

Adopted.

Yeas: Commissioners Beggans, Fagen, Potterton and Mayor Hague.

Nays: None.

Thereupon the Mayor directed the City Clerk to readvertise the ordinance as amended in accordance with the regulations governing said matters.

At this time Miss Edith M. Edwards of 119 Oxford Avenue, Jersey City, N. J., appeared before the Board and requested that some action be taken for the relief of garage owners. She stated that garage rentals have been reduced considerably and the cars being parked on the streets all night are causing great loss to the garage owners. She suggested that parking spaces be provided by the City in some open plots at a minimum rate; that the garage owners are not interested in the people who cannot pay the rental.

The Mayor stated that the Commission will not lend itself to forcing these people to park their cars in garages, nor will they use police force to drive these thousands of people into the courts every day; that the individual has his rights on the public street; that there is no remedy at hand at this time.

At this time Counsellor Frank Meeres appeared before the Board and stated that he represented the barber trades of Jersey City; that the Commissioner is undoubtedly familiar with the confused condition in this industry and the recent price cutting controversy throughout the City; that his clients have conferred on the matter and desire the Commission to adopt an amendment to the existing barbers' ordinance that will compel the operators to comply with the N.R.A. and State Code Authority and will serve to eliminate the unfair business methods that prevail. He then submitted a draft of the proposed amendment.

The Mayor called the Corporation Counsel, Mr. Hamill, and then advised

Mr. Meeres that the Commission is agreeable on the suggestion and desires to cooperate with Mr. Meeres and his clients; that he would suggest that Mr. Meeres confer with Mr. Hamill for the purpose of preparing the amendment so that it mets with the proper legal requirements and can be duly advertised as required by statute; that he would recommend the introduction of the amended ordinance today and that the Corporation Counsel shall submit the ordinance when approved, to the City Clerk for advertising.

Mr. Meeres stated that this arrangement was entirely satisfactory and on behalf of his clients, thanked the Mayor and Commissioners for their cooperation.

Resolved, That this Commission has heard with profound sorrow of the death of our fellow member of this Commission, the Honorable John Beggans.

In the death of Commissioner Beggans, Jersey City has been deprived of a public official ever alert to protect the interests of her citizens. Although in feeble health for several years prior to his death, he remained until the end steadfast at his arduous post of duty. His services as Director of Public Safety were outstanding; as head of the Police and Fire Departments he enforced discipline with kindliness and maintained and increased the efficiency of these splendid departments. He had a keen intellect, a study and steadfast courage, and was a leader of men. He had but begun his work as Director of Parks and Public Property when death called him, but in every position he occupied he manifested the same high devotion to duty which marked all his public activities. He was a worker for the people and spared no effort to serve a friend. He was genial, warm-hearted, loyal, helpful and sympathetic, and his death, which comes to us his former colleagues with a deep sense of personal loss, will be mourned by all classes of the community.

Whereas, by ordinance entitled "An Ordinance for the Relief of the Pennsylvania Railroad in the erection and construction of a proposed steam pipe running across Bay Street, Jersey City," passed September 7, 1920, permission was granted to the Pennsylvania Railroad Co. to lay a steam pipe under Bay Street for the purpose of heating bunk-house east of Greene Street on Bay Street, which ordinance was to remain in full force and effect for a period of twenty years, and by the terms of which ordinance the Pennsylvania Railroad Co. was obliged to pay an annual charge of Fifteen ($15) Dollars in advance to the City Comptroller on the first of each October; and

Whereas, Standing out in bold relief against the tales of suffering and tragedy accompanying this disaster, which saddened the hearts of all our people, is a story of resolution, unflinching courage and bold seamanship displayed by a native of Jersey City, John Bogan, Jr., and his little crew of the fishing boat "Paramount," who manned their frail craft at the first news of danger to the great passenger liner, put forth into the storm tossed ocean and saved the lives of sixty-seven men and women who had been forced by the flames to take refuge in the sea, most of whom would undoubtedly have perished by drowning or exhaustion had it not been for the courage, skill and hardihood of Captain John Bogan, Jr., of the "Paramount" and the brave little band which accompanied him, and

Now, therefore be it

Resolved, That this Board of City Commissioners of the City of Jersey City do hereby tender to John Bogan, Jr., and to the little band of devoted men who assisted him in his work of mercy and salvation the heartfelt congratulations and deep appreciation of their bold resolution and daring, and the assurance that the deed they performed will live forever in the annals of the sea and serve as an inspiration to youth and daring spirit through the years, and be it further

Resolved, That this resolution be spread upon the minutes of this body and a copy be suitably engrossed and presented to the said John Bogan, Jr., and be it further

HEARING

At this time Counsellor Exra Nolan appeared before the Board with Mr. Ippolito. Mr. Nolan stated that he is appearing for those who are in favor of the present ordinance in force for the regulation of shoe rebuilders, etc.; that at a banquet held last night in honor of Mr. Ippolito, the man who was the instigator for the opposition against the ordinance, was present and stated that his group would not go through with any further objection against the ordinance and that they would comply with the regulations.

No one appeared against the ordinance.

Commissioner Potterton then stated that because of the fact that no objection having been presented by the opposition, the ordinance will remain on the record as it now stands.

At this time Counsellor Harold Krieger appeared before the Board and stated that he represents the Kosher Butchers of Jersey City who are desirous of having an ordinance adopted by the City for the regulation of their stores; that he has submitted a draft for the ordinance and is desirous of having the Commission adopt such an ordinance.

The City Clerk advised that the draft had been referred to the Corporation Counsel for report and that said report had not yet been received.

Mr. Krieger stated that the police

will not be called upon to enforce the ordinance because the organization will handle their own complaints and make their own investigations. He then urged the Board to fix a public hearing and advertise the ordinance pending the report from the Corporation Counsel.

Commissioner Potterton stated that he does not think the Commission could consistently comply with this request because if the Corporation Counsel submitted a brief that the ordinance was not proper, then the hearing would be of no avail; that he would advise to let the matter proceed in an orderly fashion.

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the granting of the following application: S. Buchwald, projecting sign, 724 Newark Avenue, the City Clerk read the public notice and the application, and then called for anyone who might desire to protest against the granting of said application.

Counsellor A. Levitan appeared with the following persons: Miss Frieda Baner, Miss Lillian Baner of 724 Newark Avenue, Thomas Walsh, 726 Newark Avenue, and Mr. Baner, 784 Newark Avenue, in opposition to the application.

Mr. Levitan stated he also represents Mrs. Nettie Baner of 724 Newark Avenue, who was the owner of the premises and is about to lose the premises because of mortgage litigation; that she is in her late fifties and is paralyzed so that she cannot walk; that she sits in the front room, and the sign is erected on a level with the eye when this lady is seated in the room; that the sign was hung before the proper permit was issued, and that the sign is hung very flimsily.

Miss Frieda Baner stated that the building is a very old structure; that the sign, which was illegally put up because no permit was issued for it, is very dangerous to the people in the neighborhood; that a short permit was issued to paint and repair an existing sign on the building, and that, instead, this new sign was put up.

The Mayor suggested that perhaps the sign could be reduced in size and hung so that the objections could be removed.

Mr. Levitan stated that the same would be his advice to the objectors as suggested by the Mayor.

The City Clerk then called for anyone who might desire to be heard for the application. No one appeared for the application.

The Mayor stated that it has always been the policy of the Board to hear the applicant when objections are filed against an application; that perhaps the applicant in this case is confused concerning the date of hearing; that he would suggest the applicant be notified to appear immediately. After a short address, during which time Mr.

Levitan telephoned to the applicant, the City Clerk again called for Mrs. Buchwald, and no one appeared.

In conclusion, the Mayor stated that the matter has been duly heard and that it is the determination of the Board that the sign be rehung so that it will be satisfactory to Counsellor Levitan and his clients; otherwise the permission granted for the sign will be revoked and the sign removed.

Counsellor Harold Krieger appeared before the Board and again urged the Board to act on his proposed ordinance for the regulation of the kosher butchers in Jersey City.

Assistant Corporation Counsel Mr. Rooney advised the Commission that the proposed ordinance, in his opinion, is a bit drastic.

The Mayor stated that he does not like to impose any hardships on the businessmen and make it necessary to enforce an ordinance by sending the police into their establishments; that he would much prefer to see them regulate their own affairs.

Mr. Krieger advised the Board that they do not intend to ask for the police to enforce the ordinance; that they will have their own committees for investigations, and present their cases in the court, but all they want is legislation to empower them to take such action; that he represents about sixty kosher butchers, which is the entire number operating here, and they are all desirous of having such an ordinance enacted.

The Mayor then stated that, as long as it is the wish of all the members of that organization, he would suggest the matter be referred to the Law Department as to legality and, if it is reported favorably, the ordinance will be adopted.

Thereupon the Mayor moved that the proposed ordinance be referred to the Law Department for legal opinion, Seconded by Commissioner Wolfe, and carried.

4. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

5. This ordinance shall take effect immediately.

At this time Counsellor Frank Meeres appeared before the Board with a large delegation of Jersey City master barbers. He stated that at a meeting last night the barbers decided to appear before the Board to ask for the adoption of a new ordinance which would give them better regulations as to sanitation, service and enforcement as to closing hours; that they feel the present ordinance should be revamped in order to protect the public and those in the trade who are desirous of maintaining the high standards of service; that they have had their experience with the codes and the various regulations; that the trade in Jersey City has given almost one hundred percent cooperation to the State and the nation in the working out of the industrial scheme; that they have had their trade troubles and their price wars, and they have settled the price difficulties; they have also had labor troubles, and all of those conditions have been adjusted; that their desire for new sanitary standards in Jersey City is not for the purpose of blackjacking anybody in the trade.

After lengthy discussion the Mayor advised the delegation that it is the desire of the Board to cooperate with the trade and extend whatever aid is possible, but the matter must be handled in such a manner that it will not make a martyr out of any individual, so that the newspapers will create headlines.

Mr. Meeres stated that he does not want to see a condition here as exists in Chicago, where they resort to violence to impress the meaning of the law; that he believes the Commission wants to help the trade.

The Mayor stated that the Board is willing to help, provided it is within limits and it is sane and sound, and provided we do not exceed our authority and go into something that is ridiculous and beyond reason; that if it is done for the barbers, then every other trade will ask for the same conditions.

Mr. Meeres stated that, in addition to the violators in the barber trade, he desires to call the attention of the Board to a sweatshop condition in the hat industry located on Third Street, where they violate every regulation and code; that their motive for making this appeal is to put the chiseler and fakir in the group he belongs.

In conclusion, the Mayor stated that if Mr. Meeres will point out the weak clauses in the ordinance that need strengthening and submit his information on the violators and the unsanitary conditions that exist, it will be taken up properly and he will then confer with the Commission, and if it is found that the requests can consistenly be concurred in, he will then confer with the barbers' committee rather than cause any unnecessary loss of time to them. He then impressed on Mr. Meeres that he does not want the trade to single out anyone who is not a member of the organization as a violator of the sanitary condition or codes; that every case and every single shop will be investigated; that every shop will be surveyed and every case will be treated as found; that he believes every barber should be a member of the organization, because it will help him, and would bring a better understanding to the trade and the officials; that every case will be taken up, and the Board will take the necessary action; that Mr. Meeres should outline in his brief just what the trade wants done, and make the necessary substitutions; that the Board wants them to know that they are in sympathy with the barbers who are trying to conduct a sanitary, clean establishment.

Mr. Meeres stated that they will stand up under the severest test in order to prove their willingness to co-operate.

The Mayor then stated that the violators will be given so much time to clean up, and if the condition is not remedied, after due notice, means will be taken for revocation of the license.

Thereupon Mr. Meeres stated that the trade group will stand behind the Commission and co-operate to the fullest extent.

At this time Mr. Leonard Ippolito of 184 Danforth Avenue appeared before the Board with a delegation of shoe repair men of Jersey City. He stated that there is now an ordinance in existence in Jersey City which most of the trade abide by; that there is one individual who seems to defy everybody and does not operate his shop according to the regulations in the ordinance; that it is unfair as against the 350 other operators who co-operate according to the ordinance; that the violator has been summoned to court several times and still defies the ordinance.

The Mayor then referred the matter to Commissioner Wolfe, and instructed Mr. Ippolito to wait on the Commissioner at his office immediately after the meeting adjourns. He stated that if the violator then continues to violate the ordinance the Board will proceed against him.

At this time Counsellor Harold Krieger appeared before the Board and, on behalf of the kosher butchers, thanked the Mayor and Commissioners for their co-operation in adopting the ordinance to regulate the opening and closing hours for these establishments.

RECEPTION OF BIDS

This time and place having been set and public notice advertised for the purpose of receiving proposals for the furnishing Municipal incandescent gas street lighting in Jersey City, N. J., for a period of Five (5) years from January 1, 1935, to December 31, 1938. The City Clerk read the notice of publication and then called for bids and the following were received:

Public Service Electric & Gas, Co., as per items agreement.

On motion of Commissioner Fagen the reception of bids was ordered closed and the bid received was opened and read and referred to the Director of the Department of Public Works.

HEARINGS

At this time Mr. Charles Kronenberg, of 451 Central Avenue, appeared before the Board with a delegation of twelve property owners from the upper part of Central Avenue between North and South Streets and presented a written petition signed by several property owners of that vicinity, requesting the Board to reduce their taxes fifty percent. He described the many reasons for the request and the conditions that have arisen which would justify the reduction. He requested that the Commissioners investigate the situation which is very vital to them.

The Mayor stated that the Board will take the matter under advisement and refer it to Commissioner Potterton, who is in charge of the Department having jurisdiction in such matters; that he is sure the Commissioner will be glad to discuss the situation and go over the matter with the property owners; that he would suggest the property owners appoint a small committee of two or three members to confer with Commissioner Potterton.

In conclusion Mr. Kronenberg thanked the Commission for their cooperation.

At this time Mr. John Griffin, president of the Jersey City Retail Liquor Dealers Association, appeared before the board with a large delegation of liquor dealers.

By Mr. Griffin:

Mr. Mayor and Commissioners, some time ago as you all know, we had in our city what was known as the "nip rule". The Mayor saw fit to lift the nip ban and give every man a chance to make a living. Immediately after that time, illicit liquor found its way into our city. Rumors have it that members of Jersey City Liquor Dealers Association and non-members have turned around and taken advantage and refilled the bottles. Now, Mr. Mayor, we are here as a body of liquor men, honest-to-goodness business men and we formally oppose these tactics. We want you, Mr. Mayor, to give us full co-operation and clean up such traffic in our city and we promise as a body of business men to give you all the co-operation possible. We will leave no stone unturned to drive out the dive and the bootlegger, regardless who he is. We have a document passed by our association and we would like to have the City Clerk read it for the benefit of those listening, and have it spread in full upon the minutes and have it known publicly that we as a body of honest business men are opposed to such practice. We will post our men to obtain evidence and ask for the immediate revocation of the licenses of those people. We would also ask that the representatives of our body be considered by the Commission in drawing up any liquor laws for the city.

(City Clerk read the communication.)

By the Mayor:

It is understood Mr. Griffin that you represent the body? (Answer by those in the delegation: "That is right.")

By the Mayor:

You are the president?

By Mr. Griffin:

Yes, sir.

By the Mayor:

As I understand it, there is an element in the city that is resorting to the "smoke house," is that correct?

A. Yes sir, that is correct.

Q. They are filling the bottles with inferior liquor, some made by themselves and some sold by bootleggers?

A. They are getting some from the warehouses.

Q. There is no tax paid on it?

A. The majority of it.

Q. It is unfit for human consumption?

A. That is true.

Q. If that continues, the legitimate dealer cannot go on because of the small prices?

A. That is our contention.

Q. For instance, a man sells a drink of liquor for 15 cents and calls it by a standard name—that liquor cannot be sold for less than 40 cents. If you have to compete with say, Grand-Dad at 40 cents, the man who is selling it for 15 cents is going to get all the business even though he is selling inferior liquor?

A. That is so.

Q. Now gentlemen, in regard to the "nip". I shall never return to the nip as long as it is going to work hardships on honest legitimate liquor dealers. That was not the purpose of the law. It was our attempt to guarantee an honest, wholesome drink of liquor to the public. You must remember, the public comes first with us. We want to see that the public gets a good liquor and when they pay for that liquor, I want them to obtain that, not poisonous or dangerous liquor, unfit for human consumption. We want you to know that we are with you as long as you are with us. Nobody has been hurt in this experiment with the nips. It was only to benefit the public. I knew that we would be confronted with the inferior and unscrupulous dealer because of the conditions that existed during prohibition. It was impossible for us to step into a condition of that kind. There is no man in this country that worked harder than your Mayor for the repeal of Prohibition. We fought prohibition while other states did nothing. Knowing that as I did, I knew gentlemen, that it was going to be a hard task to eliminate the inferior liquor and bootlegger and smokehouse. We adopted this nip plan, thinking it would be the one remedy to see that the bootlegger was eliminated; that the inferior liquor was wiped out; that the unscrupulous liquor dealer was wiped out, so that you can see what we had in our minds was the public. You cannot compete with that type of dealer. Gentlemen, I want you to know that the Mayor and Commissioners are going to cooperate with you. We are going to drive this fellow out if it is possible. You want it clean, we want it clean. You want the public to get wholesome liquor and we want the same condition. We are agreed on that. I want to say to you Mr. Griffin, we will go along. You will have no fault to find with us when you say as in your communication that you are willing to go along with us. Something has got to be done. When you realize that the State of New Jersey is losing more than sixty percent from this liquor traffic, something must be done. It is not to be laughed at. The nation is not getting more than $400,000,000, when the records show that it should be getting more than a billion dollars if all the states took the same action as your body is taking. I am proud of you, I want to congratulate you. You took our action as good soldiers and I am proud of you. I owe you a great deal. This Commission owes you a great deal. I am not a reformer and I have never been in that category. I have always protected you. All I asked was that no women or children be tolerated, then you and I are going to get along and we will accomplish something, and if every other city adopts the same methods every bootlegger will be driven out and the proper taxes will be received by the State and every dollar that rightfully belongs to the state and the government will find its way into the treasury. In the absence of Commissioner Wolfe, who is attending the funeral of his cousin, I propose to confer with him and I know that he will cooperate, and anyone tried by him on the evidence submitted by this association will be carefully considered. We don't want to be accused of sneaking in keyholes. I am glad you suggested that means of evidence and we will give you all the cooperation necessary. Take it easy, be sure of your ground, don't be too anxious to come with one or two. I would rather you come in with fifty, and it will serve notice on the rest of the country that we don't want these types.

By Mr. Griffin:

I will say that in my travels throughout the State, that you have the cleanest city than most other parts of the State. We feel proud of Jersey City. I called a special meeting yesterday of our organization and that document was read and every man was duly notified. It is up to him now and make this statement, that any man I find violating the law, will be immediately ordered out of the organization and his name and the evidence turned over to the Mayor. We know we cannot compete with the unfair price cutter and I want to assure you, Mr. Mayor, that we will co-operate with you and on behalf of the organization. I want to thank you for your co-operation and in the future I hope that you will consider our delegates when you are considering any liquor regulations.

By the Mayor:

We will be glad to co-operate with you and we are going to encourage you to carry on, and I am proud and happy to have you come here so that we can understand conditions. After all I want you to prosper and I want to encourage you men to make a decent, honest living. I was in charge of that liquor traffic before prohibition and I drove every dishonest liquor dealer out of business, as Mr. Fricke knows. You will have all the co-operation we can give.

By Mr. Griffin:

I want to impress upon every man here, whether he is a member of our organization or not. If he is convicted along the lines we are speaking of, that he be not granted a license next July either.

By the Mayor:

That will be taken care of.

By Mr. Fricke:

The kind words we heard today, we know you have done all that you could. I must say you have used broad-mindedness in the situation. I cannot leave here without thanking you more than once for the kindness shown us, and if the men in the business would only realize what our intentions are and what your intentions are. Our city is the cleanest, and if our plans are carried out to eliminate the bootlegger so that the proper taxes are paid conditions would be satisfactory.

By the Mayor:

Gentlemen, in order for you to realize what this Commission has done for you, we are the only city in this State that did not issue that $100.00 license to the grocery stores and the delicatessen stores and every one else. I did not think it was fair. We don't feel that any man should take this $100.00 license for the sale of beer when we know he is going to sell liquor, in competition with you who are paying

$500.00. I don't propose to have a man on one corner to conduct his business at the $100.00 rate and a man on the other corner paying $500.00 for the same privilege. How can that man live and compete fairly with the $500.00 licensee. I don't think the $100.00 club license fee should be granted. It is not fair competition. We are trying to protect your business. My theory is that every store, grocery, delicatessen or some other kind if licensed at $100.00, will sell liquor, while the man across the street licensed at $500.00 will be at a disadvantage and be subject to unfair competition. That condition will not be tolerated as long as we are here.

In conclusion Mr. Griffin thanked the Mayor and Commissioners for the co-operation extended to the delegation.

The communication submitted by Mr. Griffin was referred to Commissioner Wolfe.

HEARINGS

At this time Mrs. Samuel Milberg of 168 Wegman Parkway, Jersey City, N. J., appeared before the Board with a delegation of women representing several organizations in Jersey City and urged the Board to adopt an ordinance requiring domestic help to undergo a physical examination. Mrs. Milberg stated that it was a very serious problem affecting the homes and the city in general; that this regulation is in force in other municipalities and has accomplished the desired results; that we now have an ordinance requiring such examinations for all people who handle food-stuffs and the regulations should be enforced for the domestic help in order to safeguard our homes.

The Mayor asked Mrs. Milberg if she had a copy of the Newark ordinance and she replied that she did not have it at the present time but would be glad to secure one. He then stated that he would like to go over the ordinances of other municipalities to see just what the regulations cover; that the Board does not wish to impose any unfair provisions to compel these people to pay any fees for such examination; that the present ordinance regulating food handlers may be amended to cover this situation.

The delegation then asked if it would be possible to have a woman doctor for the examinations. The Mayor replied that he does not know whether there are any women doctors on the staff of the Health Bureau; that if there are, he would be glad to have her assigned to this duty, but if it means additional appointments, he would not approve it.

In conclusion the Mayor suggested that they submit the ordinance of other cities and keep in touch with the City Clerk for further information so that it will not necessitate the women coming down and giving up their time.

Whereas, On Tuesday and Wednesday, January 22nd and 23rd, 1935, a fall of snow, of blizzard character, blanketed the City streets to the depth of two feet, and in places drifted to a greater depth, necessitating the employment of labor and trucking, and the purchase of material, without unnecessary delay, to open up the streets and remove said fall of snow; and

Resolved, By reason of such condition as set forth in the report of the Director of the Department of Public works that an emergency existed, caused by the extraordinary snowfall on the 22d and 23d day of January, 1935, which necessitated the removal of said snow and the employment of labor, and the hiring of trucks during that period, up to and including February 1, 1935, which was such an emergency as contemplated by the statutes of New Jersey; and be it further

The bonds will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be raised by the sale of such bonds (exclusive of accrued interest) and to take therefor the least amount of bonds, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds, then the bonds will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than $1,000).

Checks of unsuccessful bidders will be returned immediately upon the award of the bonds. No interest will be allowed upon the amount of the check of the successful bidder. The right is reserved to reject any or all bids, if it is considered for the best interests of the City so to do.

The successful bidder will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York City, that the bonds are valid and binding obligations of the City of Jersey City. The bonds will be prepared under the supervision of the Trust Company of New Jersey, which will certify as to the genuineness of the signatures of the officials and the seal impressed on the bonds.

At this time Mr. Salvatore Celauro of 3630 Boulevard, Jersey City, N. He stated that he has been unjustly accused and has been threatened if he did not pay a certain fee he could not operate his shop nor advertise in the windows of his shop; that his wife was also threatened.

Commissioner Potterton, presiding, stated that it is not the intention of the Commission to discriminate against anyone in enacting any city ordinances; that while the proponents of the ordinance submitted their side of the case, the opponents have not been heard along the lines of today's protest; that he would suggest that the protest be left with the Commission for investigation and that proper action would be taken.

Whereas the City of Jersey City at the present time owes to the State of New Jersey and to the County of Hudson a sum or sums in excess of four million ($4,000,000) dollars for taxes levied upon the real and personal property of the City of Jersey City for the calendar year 1934, and

Whereas, in order that the City of Jersey City may be enabled to meet these obligations, certain banking institutions have agreed to lend to the City of Jersey City the sum of two million ($2,000,000) dollars on Tax Anticipation Notes of 1935 of Jersey City bearing interest from the date of issuance at the rate of four per cent (4%) per annum until August 1, 1935, when said notes shall mature, and

Whereas said banking institutions have further agreed that on August 1, 1935, they will accept in lieu of cash payment for said notes new Tax Anticipation Notes of 1935 in the amount of two million ($2,000,000) dollars and will also lend to the city on August 1, 1935, an additional two million ($2,000,000) dollars on Tax Anticipation Notes of 1935 all of which four million ($4,000,000) dollars of Tax Anticipation Notes of 1935 shall mature on December 1, 1935, and shall bear interest at the rate of three per cent (3%) per annum provided that prior to August 1, 1935, the city has sold to a syndicate at public sale five million ($5,000,000) dollars of Serial Funding and General Refunding Bonds or in the event that such a sale has not been accomplished said notes shall bear interest at five per cent (5%) per annum from August 1, 1935, to December 1, 1935.

Be it resolved, That in consideration of the loans to be made to the city by the banking institutions as set forth above the City of Jersey City hereby agrees that it will use the first two million ($2,000,000) dollars, as soon as it is made available to the city, together with cash now on hand, to retire all the taxes of 1934 due to the State of New Jersey and County of Hudson that have been levied upon the real and personal property of Jersey City, and

Be it resolved, That the city will deliver to the banking institutions on August 1, 1935, four million ($4,000,000) dollars of Tax Anticipation Notes of 1935 in accordance with the terms set forth above, and

Be it further resolved, That until said four million ($4,000,000) dollars of Tax Anticipation Notes due December 1, 1935, have been paid or arrangements satisfactory to the banking institutions have been made to retire the same the city will not pay to the State of New Jersey or to the County of Hudson any of the taxes levied for the calendar year 1935 by the State of New Jersey and County of Hudson upon the real and personal property of Jersey City, and

Be it further resolved, That the City of Jersey City will give to the banking institutions holding the four million ($4,000,000) dollars of Tax Anticipation or Tax Revenue Notes referred to above an option to exchange all or any part thereof for Serial Funding or Refunding Bonds of average maturities at the same price as that paid by the syndicate to the City for the five million ($5,000,000) dollars of Funding or Refunding Bonds sold at public sale with the proviso that said option must be exercised by the banking institutions within forty-eight (48) hours after the public sale and with the understanding that any bonds so taken in exchange by the banking institutions will not be offered in the open market except through the syndicate successful in purchasing the bonds at public sale for a period of forty-five (45) days after the date of the public sale.

At this time Counsellor Irving Solomon appeared before the Board with a delegation of composition roofers of Jersey City and protested against the tactics used by New York union delegates in depriving local union men of employment. He discussed at length the methods employed, and urged the Mayor and Commissioners to intercede for his clients, so that they may secure employment.

The Mayor stated that the Commission is ready to cooperate with the local workers and would not tolerate any outside interference if their methods are unfair and illegal; that the important factor is whether or not the other employees, such as the plasterers, masons, plumbers, electricians, etc., would resent working with the group present here today if they are put back to work; that all these facts must first be ascertained before action can be taken.

Mr. Solomon stated that he had given Mr. Collins all the facts in the case.

In conclusion the Mayor advised that he would confer with Commisisoner Wolfe on the situation, and whatever remedy may be applied legally would be considered.

At this time Counsellor Frank Meeres appeared before the Board with a large delegation of master barbers of Jersey City. He stated that because of the statements and charges made by a Mr. Celauro, he felt that the Commission should know just what the situation is. He explained that Mr. Celauro had been the president of the master barber's local, and that he is no longer associated with the organization and seems to be creating a lot of disturbance and unrest among the master barbers; that he does not represent any organized body; that Mr. Celauro has been summoned to court for violations; that he has been given every consideration and was merely asked to comply with the ordinance regulations and conduct his business along the same proper lines as the other master barbers; that no one has threatened him.

Mr. Celauro stated that he represents himself and other independent barbers; that he has been threatened and his window broken; that he is conducting his business according to the ordinance.

The Mayor stated that everybody was given an opportunity to be heard on the adoption of the ordinance; that the Commission will not tolerate any violence or foreceful measures being taken to compel anyone to abide by the conditions of the ordinance; that every one must live up to the conditions prescribed, although if a man chooses to stay out of the organization, he may do so, but nevertheless he must operate according to the ordinance provisions; that he cannot see what harm Mr. Celauro with his small representation can do to the organization as represented by this large delegation.

Mr. Meeres stated that the organization was interested in seeing the trade properly operating and to eliminate the so-called chiseler; that it has come to their attention that city relief checks have been received by some of the operators and in turn given to barber supply houses; that it is the intention of the organization to eliminate and prevent such conditions; that they want to see the men working and given a working wage.

Commissioner McGovern requested that if there is any suspicion or specific instances in relation to the relief situation, he wants all the facts brought to his attention immediately.

At this time Mr. H. L. Parkhurst of Verona, N. J., appeared before the Board and stated that he represents an organization known as Jehovah's Witnesses; that he has prepared a proposed amendment to the present ordinance of Jersey City, relative to the distribution of circulars, which he desires to file with the Commission. He stated that they desire this amendment so that there would be no misunderstanding in going from house to house and exhibiting His message that will bring peace and prosperity to the people.

The proposed amendment was received and referred to the City Clerk.

Whereas, the Superintendent of Buildings has informed this Commission that there are in the City a number of cases where buildings are in such a state of dilapidation that they are structurally dangerous, and in consequence thereof a menace to life, and limb, and the safety of the public; and

Whereas, the Corporation Counsel has advised this Commission that an effective method for settling and establishing the fact that such buildings do actually constitute a public nuisance, and for compelling the owners thereof and others responsible for the maintenance of such buildings in such unsafe and dangerous condition, would be to present all such cases to the Grand Jury and causing the owners of such buildings or such other persons who are interested therein and responsible for maintaining the nuisance, to be indicted and tried according to law for maintaining a public nuisance; therefore be it

Resolved, That the Corporation Counsel be, and he is hereby authorized and directed to present to the Prosecutor of Hudson County any and all such cases as aforesaid, submitted to him by the Superintendent of Buildings with a recommendation that the said Prosecutor present the said cases to the Grand Jury of Hudson County for appropriate action in the premises, and to take all other legal means necessary or proper for the abatement of the said public nuisances.
